ADVANCE DIRECTIVE

I, Kelsey Fey Brown, make this advance directive regarding life-sustaining medical treatment pursuant to the Arkansas Healthcare Decisions Act (Ark. Code Ann. Section 20-6-101, et seq.). I willfully and voluntarily make this advance directive and declaration recognizing that death is natural and is but a phase in the cycle of life. I give this advance directive as a part of my health care desire to avoid the indignity and futility of deterioration, dependence and hopeless pain in certain medical situations.

Except as provided in this advance directive regarding artificial nutrition and hydration, I do not wish to be kept alive by artificial means or heroic measures if there is no reasonable medical expectation of my recovery from certain physical or mental conditions. For that reason, I direct that life-sustaining procedures or treatments be withheld or withdrawn when the application of the procedures or treatments would serve only to artificially prolong the process of dying if, and when, my attending or treating physician and another consulting physician have determined that there is no reasonable medical probability of my recovery from one or more of the following conditions:

(A) I have a terminal condition caused by injury, disease or illness from which there is no reasonable medical probability of recovery and which can be expected to cause my death within a relatively short period of time if not treated.

(B) I am in an irreversible end-stage condition that is caused by injury, disease or illness that has resulted in severe and permanent deterioration, indicated by my incapacity and complete physical dependency, for which treatment would be medically ineffective to a reasonable degree of medical certainty.

(C) I am in a persistent vegetative state characterized by permanent and irreversible unconsciousness in which there is an absence of voluntary action or cognitive behavior of any kind by me, with an inability to communicate or interact purposefully with others in the environment around me.

In the event of this determination, I direct that I be permitted to die naturally with only the administration of medication or the performance of those medical procedures or treatments determined necessary to provide me with comfort care or to alleviate pain even if those procedures hasten my death.

For purposes of this advance directive, the following are "life-sustaining procedures or treatments" which I direct to be withheld or withdrawn in the applicable medical conditions:

(A) CPR: Cardiopulmonary Resuscitation in order to make the heart beat again and restore breathing after the heart has stopped, which usually involves electric shock, chest compressions and breathing assistance.

(B) Life Support or Other Artificial Support: Continuous use of breathing machine, IV fluids, medications and other equipment that helps the lungs, heart, kidneys and other organs to continue to work.

(C) Treatment of New Conditions: Use of surgery, blood transfusions or antibiotics that will deal with a new condition but will not help the main illness.

This list of life-sustaining procedures or treatments is illustrative and not all-inclusive.

I further declare my wishes regarding artificial nutrition and hydration known separately from the directions I have given in the previous paragraphs. By my initials on the line(s) below, I specifically:

KB DIRECT that artificial nutrition may be withheld or withdrawn.

KB DIRECT that artificial hydration may be withheld or withdrawn.

_____ DIRECT that artificial nutrition may not be withheld or withdrawn.

_____ DIRECT that artificial hydration may not be withheld or withdrawn.

The absence of my initials is my direction that such health care may not be withheld or withdrawn. I intend that this advance directive be honored by my agent under any healthcare power of attorney, my family and my physicians as the final expression of my legal right to refuse medical or surgical treatment and to accept the consequences for such refusal. I understand that my wishes may place a heavy burden upon others and I make this declaration to assume sole responsibility for my decision and to mitigate any feelings of guilt that my wishes may cause.

I am emotionally and mentally competent to make this advance directive, and I understand its importance.

DATED: February 4, 2025

Kelsey Fey Brown
Bentonville, Arkansas

This advance directive has been signed, published and declared by Kelsey Fey Brown in our presence and we have at the request of Kelsey Fey Brown and in the presence of Kelsey Fey Brown and each other, written our names as witnesses this February 4, 2025. The signature of Kelsey Fey Brown was voluntary and Kelsey Fey Brown appeared to be eighteen years of age or older, of sound mind and acting without undue influence, fraud or restraint. Neither of us is agent under an advance directive of Kelsey Fey Brown as defined in the Arkansas Healthcare Decisions Act. Each of us is a competent adult. At least one of us is (1) not related to Kelsey Fey Brown by blood, marriage or adoption and (2) is not entitled to any portion of the estate of Kelsey Fey Brown upon the death of Kelsey Fey Brown under any will or codicil made by Kelsey Fey Brown existing on this date or by operation of law.

Hunter Bedell

Robin G. Veenhuis

ACKNOWLEDGMENT

STATE OF ARKANSAS

COUNTY On this day, **Kelsey Fey Brown**, known (or proved) to me (a duly qualified notary public for this county and state) to be the individual whose name is subscribed to this Advance Directive, personally appeared before me and acknowledged (or otherwise satisfactorily made it known to me) that Kelsey Fey Brown had executed and given this Advance Directive as set forth.

Dated: February 4, 2025
