DURABLE FINANCIAL POWER OF ATTORNEY

I, Nicholas Lynn Coleman, of Bentonville, Arkansas, make this durable financial power of attorney pursuant to the Uniform Power of Attorney Act (Ark. Code Ann. Section 28-68-101, et seq.) ("Act"). 1. **AGENT**. 1.1 Grant of Financial Power of Attorney. Pursuant to this power of attorney, I grant my agent ("Agent") a durable financial power of attorney.

2. **AUTHORITY**. 2.1 General Authority Grant. My Agent will have the authority to do all acts that I could do myself unless the action or nonaction of my Agent is prohibited by the Act without my specific authorization in this power of attorney and I have not granted that authorization in paragraph 2.2 below. (19) waive any doctor-patient, lawyer-client, accountant-client or similar privilege I may possess so that my Agent may obtain access to information which otherwise might be privileged and could not be turned over to my Agent.

The enumerated descriptions of the various examples of general authority listed above are for ease of use and understanding of the general authority granted to my Agent by this power of attorney and the Act. The Act also sets forth example Agent authorized action and nonaction unless the power of attorney "provides otherwise". These descriptions do not "provide otherwise" in this power of attorney. These descriptions will be read and interpreted in conjunction with the Act to give my Agent the broadest general authority that does not otherwise require specific authority designation by the Act and only "add to" and not "take away" from the example authority set forth in the Act.

2.2 Specific Authorization. I grant to my Agent by this power of attorney the specific authority to:

(1) create, amend, revoke or terminate inter vivos trusts for me and for others in connection with the management of my affairs and estate planning;
(2) create or change rights of survivorship;
(3) create or change a beneficiary designation;
(4) delegate authority granted under this power of attorney;
(5) waive my right to be a beneficiary of a joint and survivor annuity such as a survivor benefit under a retirement plan;
(6) exercise fiduciary powers that I have the authority to delegate;
(7) make gifts of my property (including of any kind in which I claim an interest) to the following persons outright or for the benefit of (including in trust, by custodial account or in any other form and by exercise of a presently exercisable power of appointment) these persons in amounts and forms and with limits described:

    (a) my spouse in unlimited amounts for any purposes;

    (c) charitable organizations that qualify for a charitable deduction under the income and gift tax provisions of the Code in unlimited amounts for any purposes;

(d) my Agent or an individual to whom my Agent owes a legal obligation of support so long as my Agent is an individual related to me and described in the Tables of Descent.

In exercising this authority to make gifts, my Agent must act in good faith and will take into consideration those factors my Agent considers to be in my best interest or in the best interest of the donees as reflected by my relationship with these persons including the minimization of income, estate, gift, generation-skipping transfer and other taxes even if I do not have a past pattern or history of making gifts.

(8) take action or nonaction in any manner with respect to contracts which provide me or another person with an annuity, policies of insurance on my life or the life of another individual, polices of insurance on my property of any type and other contracts, including contracts in force at this date and future contracts acquired by me, my Agent or other persons, with this action including authority to continue, pay premiums and make contributions on a current contract, modify, exchange, rescind, release or terminate a current contract, procure new, different and additional contracts for and on me and other persons in amounts, types and modes of payment of the insurance or annuity determined by my Agent, maintain these current and future contracts and exercise the rights of ownership (incidents of ownership) attendant to these contracts such as the exercise of, or the decision to not exercise, any election, option, right or privilege available to the owner of the contract including the following action: (a) change beneficiaries under the contract or annuity, (b) reduce the amount of any life policy or convert or exchange any life policy into other forms of insurance, (c) enter into nontaxable and taxable exchanges of contracts, (d) surrender any life policy for its cash surrender value, (e) borrow upon and pledge any life policy in connection with a loan, (f) take paid-up insurance, (g) elect extended term insurance, (h) collect dividends, death or other benefits (including disability benefits or an accelerated death benefit), surrender payments and any other payment which may be due or collectable, (i) enter into a split-dollar or other premium sharing arrangement with any person or entity, (j) split any life policy into two or more policies, (k) allow dividends to remain with the insurance company or to use them to reduce premiums or to purchase additional insurance, (l) use cash values to pay premiums, (m) exercise any options of settlement that may be available under the terms of a life policy, (n) determine and modify the current amount of life insurance coverage under an existing life policy, (o) enter into viatical settlements concerning any life policies and (p) sell a life policy on the secondary market;

(9) deal with all types of retirement plans (such as those defined in the Act) and my retirement benefits under these retirement plans in any manner including the following action: (a) establish retirement plans, (b) change the beneficiaries of my retirement benefits, (c) make voluntary and required contributions to an IRA or other retirement plan, (d) make rollovers from one retirement plan to another directly or by trustee-to-trustee transfers, (e) borrow from, sell assets to or purchase assets from a retirement plan, (f) elect payout options under a retirement plan, (g) give consents and make waivers under applicable retirement plan contracts or law on my behalf with respect to my retirement benefits and retirement benefits of others and (h) exercise investment powers available under retirement plans;

(12) transfer my property of any kind or property of any kind in which I claim an interest to revocable or irrevocable trusts created by me or held for me to be held and administered under the terms of these trusts (even if my Agent is a trustee), exercise withdrawal rights I have under these trusts, receive distributions of income and principal payable to me from these trusts and execute receipts, releases or other documents related to the income and principal received.

2.3 Life Insurance Limitation. Notwithstanding paragraph 2.2(8) above, should I own any life insurance policy on the life of my Agent, my Agent is forbidden from exercising any incidents of ownership possessed by me in the policy.

3. **DURATION**. 3.1 Effective Date. This power of attorney is legally effective this date.

3.2 Revocation. This power of attorney may be revoked by me at any time.

3.3 Durability. This power of attorney is durable. My Agent will be able to exercise the authority granted to the Agent notwithstanding my subsequent lack of capacity (4.1).

4. **OTHER**. 4.1 Incapacity. 4.1.1 Suspended from Position. An individual will not hold the position of agent during any period that the individual is incapacitated.

4.1.2 Definition. An individual is "incapacitated" and may not hold the position of agent if the individual:

(1) lacks the physical or mental capacity, personal stability or maturity of judgment needed to effectively manage his or her personal or financial affairs, whether by reason of a medical condition, substance abuse or dependency or other reason or

(2) refuses to be examined by physicians, or provide (or authorize release by a health care provider) the medical information needed to make a determination of whether or not the individual is incapacitated.

An individual is incapacitated under this agent capacity definition when two physicians attending the individual (at least one of whom is trained in the specialty most closely associated with the alleged incapacity) set forth in writing that the individual lacks the physical or mental capacity, personal stability or maturity of judgment needed to effectively manage his or her personal or financial affairs. The written statement need not indicate the cause for the incapacity. If the individual is in the practice of being seen by a family practice, internal medicine physician or clinic on a regular basis, one of the two examining physicians will be this doctor or a doctor from this clinic if reasonably available to make the examination. No person will be liable to anyone for actions taken in reliance on these physician statements.

4.1.3 Regained Capacity. If an incapacitated individual who held the position of agent thereafter becomes able to hold the position of agent again, this individual may choose to

accept and hold this position of agent again by delivery of an acceptance in writing to the then position holder who will be replaced by this writing unless designated to serve as joint agent.

4.1.4 Release of Records. An individual by acceptance of the position as agent authorizes the release by any health care provider of that medical information of the individual needed to make any determination of incapacity.

4.2 My Requested Guardian. If protective proceedings for my estate are commenced, I nominate my Agent to serve as the guardian of my estate.

4.3 HIPAA. I request and authorize any physician, health care professional, health care provider and medical care facility to provide to my Agent information relating to my physical and mental condition and the diagnosis, prognosis, care and treatment of these conditions pursuant to Ark. Code Ann. Section 20-6-110. I intend by this authorization for my Agent to be a personal representative under privacy regulations related to protected health information and for my Agent to be entitled to all health information in the same manner as if I had personally made the request. This request and authorization will be considered a consent to the release of this information under current laws, amendments to current laws and future laws and their attendant rules and regulations, which includes the express grant of authority to personal representatives provided by Regulation Section 164.502(g) of Title 45 of the Code of Federal Regulations and the medical information privacy law and regulations generally referred to as HIPAA.

4.4 Governing Law. This power of attorney is intended to be valid in any jurisdiction in which it is presented and will be governed by and construed according to Arkansas law.

4.5 Construction. 4.5.1 Gender, Number and Other Similar Concepts. Words expressed in gender and number will include other genders and numbers in proper context. Use of the word "person" refers to both natural persons (*i.e.*, individuals) and artificial persons (*e.g.*, corporations, partnerships, *etc.*) as appropriate to the context. Use of the word "includes" or a derivative of it is not used in the limitation sense and will mean "including but not limited to," "including without limitation" or similar concept in proper context. Use of the word "and" in a series, and use of the word "or" in a series, includes the concept of "and/or" in proper context. Use of the word "will" is a word of mandate in proper context and equivalent to the traditional use of the word "shall."

4.5.2 Cross-references. References and cross-references to other parts of this power of attorney are made in parentheses to other paragraphs, subparagraphs, clauses or phrases that are helpful in understanding the provision of this Agreement.

4.5.3 Headings. Headings are for convenience, are not part of this document and cannot be used in a construction of it.

4.5.4 Capitalized Words. The generic use of an uncapitalized word or phrase includes within that use in proper context a defined word or phrase that is noted by capitalization. For example, reference to "agent" includes the Agent and to "Agent" includes initial, successor and substitute (if authorized) agents, in proper context.

4.5.5 Tax Terms and Sections. Words or phrases related to taxation will be construed in the context of the federal revenue laws in effect at my death. Any references to "Code Sections"

are to provisions of the Internal Revenue Code of 1986 as in effect at the date of this power of attorney and to applicable successor provisions of this or other federal revenue codes.

4.6 Copies Effective. My Agent is authorized to make photocopies of this document. Each photocopy will have the same force and effect as any original. Any person may rely on a copy of this document unless this person has actual knowledge that this document is no longer in effect.

4.7 No Inquiry. Every person to whom this power of attorney or a certified copy of it is presented may honor and give effect to all instruments signed pursuant to its authority without inquiring into the circumstances surrounding the instruments or into the disposition of any property delivered to my Agent. Such person will have no responsibility to determine that my Agent properly applied or handled property received or held by my Agent or to see to the proper discharge of the duties of my Agent under this document.

4.8 Expenses. My Agent will be entitled to reimbursement for all reasonable expenses incurred as a result of acting as my agent.

4.9 Ratification of Acts of Agent. I ratify and confirm all that my Agent does or causes to be done and I exonerate my Agent from liability for acts or omissions that are not gross negligence, fraud or criminal.

4.10 Reliance and Indemnity. A person will not be liable to me or my estate (or other persons claiming through me or my estate such as an heir or creditor) for any loss resulting from this person's good-faith recognition (1) of the authority and capacity of the Agent to act under this power of attorney prior to having received written notice of my revocation of this power of attorney or (2) of successor agent status of a person that succeeds to the position of agent. I, and my successors in interest, agree to indemnify and hold such person harmless against any loss suffered as a result of this person's good-faith recognition of the authority of my Agent to act under this document. Notarized evidence (e.g., a death certificate or written resignation) of an individual's failure to act or of the resignation or cessation of the individual from the position of my agent may be conclusively relied upon by any person as giving the successor Agent authority to act for me under this power of attorney.

4.11 Release. My Agent and my Agent's estate, heirs, successors and assigns are released and discharged by me, my estate, my heirs, successors and assigns from all liability and from all claims or demands of all kinds arising out of acts or omissions of my Agent under this power of attorney except for willful misconduct or gross negligence.

4.12 Revocation/Other Powers. I revoke all prior general financial powers of attorney granted by me and terminate the agency relationships created by such grants. I do not intend that this grant of financial power of attorney affect, modify or terminate any special, restricted or limited powers of attorney I may previously have granted in connection with any banking, brokerage, borrowing or commercial transaction or my summary real estate power of attorney dated February 4, 2025. This financial power of attorney is in addition to, and does not replace or revoke, any non-financial powers of attorney (at whatever time executed), such as one relating to my health care.
